

VIGIL

Real-Time Court Monitoring from the World's Largest Litigation Database

Vigil is Premonition's cutting-edge court alert system. Using Artificial Intelligence and the world's largest litigation database, it delivers case alerts and updates within the hour they are filed.

- More state court coverage than LexisNexis, Westlaw and Bloomberg combined
- Custom case filing alerts (*plaintiff, defendant, judge, attorney, case type*)
- Case updates delivered via email
- Hourly alerts and updates from state/county courts
- Simplified pricing

State Court Coverage Source: <http://www.lexisnexis.com/CourtLink2014>
